

Practice Management Tools

These user friendly tools will help you manage with less stress!

Do You Have a Budget?

Implementing a budget is critical for improving your profit!

Experts say that all businesses should have an updated business plan including a working budget every year. These basic tools help you set appropriate goals and provide a means to measure your progress toward those goals. After all, you wouldn't treat a patient without a specific goal in mind, why run your business any differently? See the special offer below to get an easy to use Excel workbook that takes the pain out of making a budget.

*Use our customized Excel workbook to help you develop a working budget. This easy to use workbook is chock full of shortcuts designed to make developing, implementing and monitoring a budget easier than ever! **Order now...only \$95***

PT QuickBooks Template

Organize your finances to highlight the critical areas!

Financial chart of accounts are typically set up in an alphabetical order for tax accounting purposes. This method does not help you manage the practice on a monthly basis. Use our QuickBooks template to organize your finances using a managerial accounting concept and see your financial statements in a new light that helps you manage your business. All the tax info is still there, just better organized!

*This tool can help improve the profitability of your practice! **Order now...only \$95***

PT Dashboard Report Excel Workbook Template – NEW!

Have all the key business metrics at your fingertips!

This Excel workbook template organizes all the key business statistics from their various systems to give you quick access to all the critical data. Make rapid comparisons to the same time last year and see the trends. The PT Dashboard Report helps you make better decisions; day in and day out!

*Use our customized Excel workbook to place all the key business statistics at your fingertips. This easy to use tool puts all the key data in one easy location to improve decision making!
Order now...only \$95*
